

Fundraising with Oliver's Labels is as easy as sharing a link!

1) Register your fundraiser

Oliver's Labels are waterproof, durable name labels that are essential for keeping items out of your lost and found pile... and fundraising with us is SO easy! Just register online to get your custom link.

2) Raise money

We provide you with an assortment of marketing materials that come "stamped" with your link to help you spread the word about your fundraiser. Our printables include pocket flyers, brochures and posters. You can also choose to run a "paperless" fundraiser with digital assets for social media, web banners and emails. Your fundraising account will never expire and neither do your commissions, so you can continue to share your link year after year.

3) Collect Commissions

We do all the work for you like collecting orders, processing payments, and mailing out orders. Your fundraiser earns **20% commission** on each and every order that uses your link! You can even track your commissions online, and when ready, contact us to request a payment.
